2.4 Cancelling or changing the date: please tell us at least ____ hours before the planned date. If you cancel with less notice, we may charge \$_____.

3. What is included

3.1 By hand and scoop, working from a ladder, we remove leaves and debris from the eavestroughs on the areas ticked above and check that the top openings of the downspouts are clear. The price is for the storey count ticked above and covers every section of those eavestroughs that we can reach safely from a ladder.

3.2 Downspout flush (add-on): we run water through each downspout we can reach and clear blockages we can reach by hand or with a hand tool. We do not dig up, repair or unclog underground drain pipes.

3.3 Not included: gutter repair or re-hanging, sealing leaks, removing or installing screwed-on gutter guards, roof cleaning or moss removal, window cleaning and pressure washing. If we see damage (for example, loose or sagging sections, leaks or rot), we show you photos but do not repair it.

4. Roof and ladder limits

4.1 We work from a ladder set on firm, level ground. We do not walk on steep roofs, and we do not walk on any roof that is wet, icy, snow-covered or mossy. We decide on the day whether each section is safe to reach.

4.2 We do not set a ladder near overhead power lines, against glass or skylights, or on soft or uneven ground. If a section cannot be reached safely, we leave it, tell you which one, and agree a lower price with you for the part not done.

4.3 Before we arrive, please move cars, furniture, planters and other items away from the walls where the ladder will go, unlock the gates, and keep children and pets inside while we work. You do not need to be home.

5. Weather

5.1 We do not work in rain, freezing rain, snow or high wind, or when the ground under the ladder or the roof edge is wet or icy. If the weather is unsafe, we postpone and agree a new date with you. There is no charge for postponing, and you may cancel at no charge if the new date does not suit you.

5.2 If lasting snow or freezing weather arrives before a new date can be found, either of us may cancel this agreement at no charge.

6. Before-work photos, damage and debris

6.1 Before we start, we walk around the house and photograph the eavestroughs, downspouts, roof edge, siding, windows and plants near where the ladder will go, and note any visible damage. You may ask for copies. To the extent the law allows, we are not responsible for damage that was already there, or for sections that were loose, rotten or badly installed and fail during normal cleaning.

6.2 Damage: if you think we caused damage, tell us within ____ hours after the work, by text to _____ or email to _____, with photos. We will compare them with our before-work photos and reply within ____ business days. If we caused it, we will repair it, pay the reasonable repair cost, or refer the claim to our liability insurer.

6.3 Debris is bagged, and we pick up debris that falls on the lawn, driveway, walkways or garden beds. Disposal (tick one): ☐ we leave the bags at your curb for your municipality's yard-waste collection, following its rules ☐ we take the debris away for \$____.

7. Payment

7.1 Payment is due when the work is finished, by Interac e-Transfer (to _____) or in cash. No deposit is required.

7.2 If the total is more than your bank's e-Transfer limit, you can split it into two or more transfers or pay part in cash. We give a receipt for every payment.

8. Your right to cancel (Ontario)

8.1 If you signed this agreement in person anywhere other than our place of business (for example, at your home), it is a direct agreement under Ontario's Consumer Protection Act. You may cancel it for any reason within 10 days after you receive a copy of the signed agreement. To cancel, tell us in a way that leaves a record: email _____, text _____, or write to _____. We must refund everything you paid within 15 days after we receive your cancellation.

9. Photos

9.1 We take photos of the work areas before and after the job to check our work and to handle any damage claim. These photos are not published, and we keep them only as long as they are needed for those purposes.

9.2 Separate, optional consent for marketing photos: ☐ Yes ☐ No. We may use before/after photos of the work areas on our website, in ads and on social media only if you tick Yes and initial the photo line below. We will not show people, pets, house numbers, the street, vehicles or licence plates, mail, documents, family photos or other items that identify you, but someone who knows your home may still recognise it. Saying No does not change your price or service. You can withdraw this consent at any time by contacting us; we will then stop using the photos in anything new and remove them from our website and social media accounts within ___ days. Printed materials already handed out cannot be recalled.

10. Your personal information

10.1 We collect your name, address, phone number, email, access instructions and job notes only to quote, schedule, do and bill the work, to handle claims, and to keep the records that tax law requires. We do not sell your information. We share it only when needed for those purposes (for example, with our insurer if there is a claim) or when the law requires it.

10.2 We send marketing emails or texts only if you agree to them separately, and every such message tells you how to unsubscribe.

10.3 In Ontario, the federal Personal Information Protection and Electronic Documents Act (PIPEDA) governs how we handle your information; in BC and Alberta, the provincial Personal Information Protection Act (PIPA) applies instead. To see or correct the information we hold about you, or to ask about it, contact us at _____ or _____.

11. General

11.1 We may stop or refuse any task we judge unsafe. We will tell you why, and you are not charged for work we do not do.

11.2 Changes to this agreement count only if both of us agree in writing; email or text is fine.

11.3 This agreement is written in English and Korean. If the two versions differ, the English version governs; the Korean text is a courtesy translation.
